

Tentative Agenda

Training on agricultural value chain analysis

Time: November 21 – 22, 2023

Location: Online

Instructor:

- Associate Professor. Dr Ammar Abdul Aziz
- Dr Julius H. Kotir
- Dr Yanti Nuraeni Muflikh
- Dr Adhitya Marendra Kiloes

Time	Contents	Implementer(s)
November 21, 2023 (day 1)		
8:00 – 8:30	Registration	Organiser
8:30 – 8:40	Opening remarks	IPSARD representative
Section 1: understanding agri-food VC and systems thinking		
8:40 – 9:45	Introduction to Value Chain (VC) Analysis	Instructors
9:45 – 10:00	Tea break	All
10:00 – 11:30	Lesson and experiences from working in agri-food VC	Instructors
11:30 – 13:30	Lunch break	All
Section 2:		
13:30 – 14:45	Introduction to system thinking and associated concepts and tools	Instructors
14:45 – 15:00	Tea break	All
15:00 – 16:30	Case study: System thinking as applied to seaweed CV in Indonesia	Instructors
November 22, 2023 (day 2)		
Section 3: Practicing the application of systems thinking in agri-food VC analysis		
8:00 – 8:30	Registration	Organiser
8:30 – 9:45	<p>Group activity 1: framing the desired future agri-food VC system toward which your team is working.</p> <p>What is your Provisional and Near Star?</p> <p><i>Group reflections and questions</i></p>	Instructors
9:45 – 10:00	Tea break	All

10:00 – 11:30	<p>Group activity 2: using the iceberg model as a system thinking tool to understand the underlying structures, patterns, and mental models that influence agri-food VC in Vietnam</p> <p><i>Reflections and questions</i></p>	Instructors
11:30 – 13:30	Lunch break	All
Section 4:	System Mapping	
13:30 – 14:45	Introduction to causal loop diagram (CLDs) as a system mapping tool	Instructors
14:45 – 15:00	Tea break	All
15:00 – 16:30	<p>Group activity: mapping the factors, challenges you have identified to understand their dynamic relationships and feedback loops.</p> <p><i>Group reflections and questions</i></p>	Instructors
16:30 – 16:45	Close remarks	IPSARD/IFAD representative
